# **©** Career Objective

I am chasing an internship to grow my love for everything from analogue electronics to full-stack web development.

I love active problem-solving, and **tinkering** around with an ever-evolving project until it is exactly right. I enjoy learning & seeing how technology can be applied to **improve human lives**—whether through hardware, software, or a **beautiful combination of both**.

I am a driven, reliable team player with proven leadership skills and a knack for effective communication. I am always looking to learn new things and grow as a person—and I apply this mindset to everything I do.

## ☆ Skills Summary

## **Problem Solving**

- ▶ I am a natural problem solver, and **apply** my strong **logical thinking** to challenging situations. I leave things **better than I found them**, working methodically to arrive at an optimal solution.
- ➤ I have created a personnel development framework, and implemented a digital workspace to consolidate data, administration, and procedures into a single source of truth.

#### **Communication Skills**

- ▶ I am an effective communicator with an aptitude for **breaking down challenging concepts**.
- ➤ I help appreciative first-years with **intuitive explanations** for difficult, technical concepts. I also tutored English, Maths, and Science at high school.
- ➤ I have acquired experience in presentation skills, public speaking, and self-confidence through my New Zealand Cadet Forces development courses.

#### Leadership

- ▶ I am passionate about intent-based leadership and **understanding** each member's **strengths and weaknesses**—I strongly believe the whole is greater than the sum of its parts.
- ➤ I was a Prefect and Deputy House Captain at high school, a Cadet Warrant Officer Class Two in the NZCF, and led the House Haka in Years 11–13.
- ➤ I was appointed to be the Regimental Sergeant Major for a highly successful Recruit Training Course with units from across the Upper North Island.

#### **Teamwork**

- ▶ I strive to **be an asset** to any team, and try to morph into whatever role is in demand. I am often counted on for my punctuality and reliability—I do not make promises I cannot keep.
- ➤ I was a member of my high school's Premier Lacrosse and Premier Target Shooting teams, and know the importance of teamwork and collective buy-in.

## **Smart Energy Monitor**

2022

The University of Auckland

uoa-ece209.github.io

Smart energy monitor I am currently designing in a group of four

- ➤ Involves analogue circuit & PCB design, signal conditioning, using an ATmega328PB, writing firmware drivers, and UART & Bluetooth communication
- Git and GitHub

▶ Microchip Studio

Altium Designer

▶ LTspice

▶ Proteus VSM

jamesnzl.xyz/13cte

- > **Self-directed** Year 13 Control Technology project
- ➤ Learnt about **embedded systems**, MOSFETs, capacitors, diodes, **circuit and PCB design**, 3D modelling, 3D printing, and **firmware development** through **practical application**

**Pronto** 2020 – 2021

aucklandarmycadets.github.io/Pronto

City of Auckland Cadet Unit

- > Full-featured Discord bot to **streamline** Unit **procedures**
- > Comprehensive codebase documentation with JSDoc
- > Experimenting with Cloud Computing services including DigitalOcean, Linode, Vultr, and currently Oracle Cloud
- ▶ JavaScript, Node.js
- **▶** JSDoc

▶ SSH, Bash, Unix CLI

▶ MongoDB

▶ Virtual Private Servers
